

## Technical Data Sheet

# KOIMOS White Oil No. 1709

Application range	In the interior for light solid wood, e.g. maple or birch.
Technical qualities	Glazing appearance. A semi-matt surface after the first coat.
Full declaration	Isoaliphates, linseed oil - stand oil - natural resin ester, sunflower oil - natural resin ester, castor oil - stand oil, micronized wax, zinc soap, titan dioxide, linseed oil, silicic acid, dehydrated amino sugar, and drying agents free of lead (Ca, Co, Mn, Zr).
Color	White
Preparation	Wood must be dry (wood moisture content max. 12 %), solid, absorbent and free of resin and dust. Stir thoroughly before use. Remove possible skin formed on surface before usage.
Application method	By spray or roller application. Remove excess oil after 5 min. Dry for at least 16 hours. To improve the durability, sand in-between with grain 320 and apply KUNOS Countertop Oil No. 243.
Coverage	Determine the exact amount needed by doing a test application. Depending on the absorbency and type of wood 2,5 l are sufficient for 140 m <sup>2</sup> (1506 ft <sup>2</sup> ), i.e. 17,86 ml/m <sup>2</sup> .
Cleaning	Clean equipment immediately after use with LEVO Brush Cleaner No. 997 or SVALOS Thinner No. 222.
Drying time	At 23 °C (73 °F) and 50% relative humidity: 16 - 24 hours. At higher temperatures, please consider shorter drying times and polish more quickly. At lower temperatures and higher humidity, please consider longer drying times as given above.
Specific gravity	Approximately 0.91 g/ml.
Safety advice	<p>Provide good ventilation after application!</p> <p>Always be sure to store and then dispose of cleaning cloths, polishing pads, sponges, etc. that are still wet or even slightly moist with KOIMOS White Oil No. 1709 in an airtight metal container or in water, as there is a danger of spontaneous combustion caused by the plant oil content.</p> <p>The product itself will not combust spontaneously. Contains Cobalt (2+) salts. Can cause allergic reactions.</p> <p>S 2 Keep out of the reach of children. S 62 If swallowed, do not induce vomiting; seek medical advice immediately and show this container or label.</p>
Disposal	According to locally regulated laws.
Container sizes	0.75 l; 2.5 l; 10 l; 30 l; 200 l.
Storage	Cool and dry. Transfer unused portion of product to a smaller container for storage.
