

Products

LIVOS offers a wide range of products for do-it-yourselfers, professionals and the industry. More than 40 years of research and development with vegetable, renewable raw materials indicate the experience and quality.

Since 1984, you can find the complete declaration of all ingredients on all **LIVOS products** - a good basis for a product decision in the interest of your health.

Our guiding principles:

- Sustainable business
- Closed material cycles
- High technical quality
- Awareness and self-reliance of the consumer
- Acting for the benefit of the customer
- Environmental Protection

Use LIVOS for:

- Wood inside
- Wood outside
- Wall decoration
- Cleaning and maintenance
- Pollutant cleanup
- Creative design
- Odorless (for allergy sufferers)

The assortment at a glance

LIVOS colony products

... these are products for horse and rider, hunters, anglers and all those who enjoy being outdoors.

- Made from natural raw materials
- Eco-friendly, health-friendly and effective
- All ingredients are fully declared

Dietary supplements with the vital substances of non-fiber (oilseed) flax - suitable in case of food changeover, provides a shiny fur and improves digestion.

Hoof care

- Hoof oils - protect and strengthen the hooves
- Hoof balm - prevents hoof cracks and strengthens brittle hooves

Insect repellents provide a highly effective protection against a wide spectrum of insects. They are made of vegetable and essential oils and have a pleasant and fresh smell.

Leather care with the help of products such as saddle soap, leather fat, which protects, maintains and preserves all smooth leather, and leather oil for the deep impregnation of smooth leather. Our boot care is suitable especially for boots and shoes.

Paddock stain for paddock and stable, available in various colors, water resistant weatherproof and preventive against browsing.

LIVOS for horse and rider

For our **LIVOS COLONY** products we use only natural, renewable raw materials, vegetable oils, resins and waxes. Most of these raw materials come from local production. The controlled growing conditions and purity requirements guarantee the consistently high tolerability and the success in the application.
